## TWO ARE KILLED AND ONE INJURED

### Grade Crossing Accident at Clifton Saturday Afternoon

### TRUCK HIT BY TRAIN

**Julian Davis Killed Instantly—Little Lamont Cassaday Dies Here—Geo. Kinchloe in Hospital Here.**

Two dead and one seriously injured is the toll of an accident Saturday afternoon at a grade crossing at Clifton, Fairfax county, when an automobile truck driven by Julian Davis, in which two other persons were occupants, was struck by a fast Chesapeake and Ohio southbound passenger train No. 5.

The dead are: Julian Davis, 21 years old, of Clifton, driver of the truck, who was killed instantly.

Lamond Cassaday, 10 years old, son of Mr. and Mrs. Thomas R. Cassaday, of 1146 W street, southeast, Washington.

The injured man is George Kinchloe, 41 years old, of Clifton, Va., who is now a patient in the Alexandria Hospital suffering from a broken leg, scalp injuries and concussion of the brain.

The accident happened about 2 o'clock Saturday afternoon. The machine, according to reports received in this city was caught on the tracks between two trains, one being the C. and O., and the other a northbound Southern Railway freight. Before the driver could cross, his machine was struck and the occupants hurled a considerable distance, and the vehicle demolished. Davis, driver of the machine, was killed instantly, his skull being crushed.

The Cassaday lad sustained a fractured skull and never regained consciousness.

Both the Cassaday boy and Kinchloe were brought here on the next passenger train passing Clifton which arrived about 4 o'clock and taken to the Alexandria Hospital and treated by Dr. M. D. Delaney. The Cassaday boy lingered till 6.20 o'clock without regaining consciousness. His skull was fractured. His parents soon arrived and were with him when the end came. His body was taken to Demaine's mortuary chapel and sent yesterday to Washington. The funeral will take place tomorrow afternoon at Clifton, Va.

At the Alexandria Hospital today, it was stated that Kinchloe will recover, although he is still in a serious condition, and is only semi-conscious.

## 3805 Pay Taxes

**Big Increase Over Preceding Year.**

Exactly 3508 persons had paid their capitation taxes to City Treasurer T. W. Robinson when his office closed Saturday night. Of this number 2355 were men and 1450 were women. This is a considerable increase over the number who paid their taxes last year.

All who paid will be able to take part in the primary which will be be held next August when a governor and other state officers will be nominated.

This is the largest number of persons who have ever paid their capitation taxes in the city and indicates a large vote for this city in the August primary.

## Historic Portrait

**Masonic Picture of Washington Now On Exhibition**

Delegates attending the convention of Masonic Clubs of the United States here will be given an opportuniy to view the painting "George Washington as a Master Mason," by Emanuel Leutze, which will be on display at the New York Avenue Masonic temple. This picture was painted by Leutze for John Riston, a member of the New York Stock Exchange, who paid the artist $10,000 for the canvas. Mr. Riston sold it to J. L. Moss in 1874, and Mr. Moss placed it in the Academy of Fine Arts, Philadelphia, where it was exhibited from 1876 to 1885. It was then placed in the Grand Lodge of Masons, in Philadelphia, where it was exhibited until 1910. Since that time it has not been in public view.

The portrait, steel engravings of which are to be found in many Masonic lodges, shows the first President in the act of closing his lodge at Alexandria, Va., and the present convention is deemed an especially fitting time to place the original again on exhibition, in view of the fact that President Harding is a thirty-second degree Mason. There is a plan on foot to purchase the picture and place it in some Masonic shrine, to be designated by President Harding.

Emanuel Leutze, the painter, was born in Wurtemburg in 1816 and died at Washington July 18, 1868. His parents came to America shortly after his birth and first settled in Philadelphia, later going to Fredericksburg, Va.

Leutze developed a talent for painting that finally attracted attention, and after extended studies abroad he finally settled in Dusseldorf. He returned to the United States in 1859 and opened a studio in New York City.

Shortly afterward he was commissioned to paint a large mural picture over one of the staircases at the Capitol. He selected for his subject, "Westward the Star of Empire Takes Its Way," and went to great pains to get proper detail, even going to the Rockies to study certain mountain effects.

Leutze's paintings were mainly of historical subjects and it is for this style that he is best remembered.

## Y. M. C. A. Notes

**Motion Pictures And Sewing Class Popular Just Now**

The Y. M. C. A. motion pictures for children Friday and Saturday afternoons, are becoming more and more popular each week. The pictures are shown at the chamber of commerce auditorium and the last two programs were attended by the largest number of children yet accommodated.

The pictures were all of an educational nature and were particularly interesting. They are usually explained to the youngsters so that they may be doubly valuable in an educational way. The sewing class for girls, which meets at 2 o'clock Saturdays at the chamber of commerce, now has an enrollment of 75, 58 of whom were at the class Saturday afternon.

The sewing class, under the Ladies' Auxiliary, has a teaching force of nine ladies and the girls are taking up more advanced stitches as they become more proficient in handling a needle. One class is to go to garment making within a short time, much to the delight of those who are fortunate enough to be classed as the "more advanced" ones. Mrs. R. E. Acton is chairman of the educational committee of the Ladies' Auxiliary, which has the charge of the sewing class.

## Wants Whole Truth

**Man Who Denied Being Drunk, Fined $20**

Does it pay to tell the truth?

Judge W. S. Snow, in the police court, says it pays 300 per cent. He is a stickler for the whole truth and nothing but the truth in his court and he says he is going to break up the habit of telling anything but the truth.

He put into operation this edict in court this morning when instead of fining a colored man the ordinary fine of $5 for being drunk on the street, he imposed a fine of $20.

The reason for the fine was that the man, who was arrested last night on King street by Policeman Carlton Padgett, was helplessly drunk. In court he told the judge that he was not drunk and that the only thing he had to drink was ginger ale. This statement resulted in the heavy fine.

### ROB CHURCH OF RECTOR'S ROBE, BIBLE AND HEATER

Danville, Va., May 9.—Rev. Chiswell Dabney, Episcopal rector at Chatham, has issued a public appeal to the residents of the Rondo community to assist in preventing further desecration of St. James Chapel which has long been the target for mischief makers.

In his publisned appeal, Mr. Dabney cites the fact that for four or five years, acts of vandalism have been going on, the structure has been defaced, teh windows broken on several occasions by rocks, which littered the interior so thickly that time was consumed in removing the debris when services were held.

The climax to these acts of vandalism came last week when the minister went to the church to hold his regular appointment there, only to find that the minister's vestments had been stolen, the church heater and also the large Bible.

**Boy Blown to Pieces, Cigarette Lighting Dynamite in Pocket**

### POLICE STILL IN DOUBT IN VERMONT GIRL'S DEATH

Proctor, Vt., May 9.—Police today were undecided whether Miss Marion Butterworth, secretary to Miss Emily Proctor, millionaire sister of the late Senator Redfield Proctor, had committed suicide or met with foul play.

The body of Miss Butterworth was found late last night in a deep pool in an abandoned quarry about two miles from here. Miss Butterworth disappeared Tuesday night and after her hat was found in the quarry the body was recovered by use of grappling hooks.

### FORT FOOTE OBSOLETE

Forte Foote, located on the Potomac River a short distance below Washington, established during the civil war, as one of the defenses of the National Capital, has been recommended by the Secretary of War for abandonment as obselete and of no military value.

That reservation is included in a list of six other of old forts recommended by the Secretary of War for sale or other disposition. Fort McHenry and Fort Carroll, Md., are also on the list.

### CHINESE SEIZE MISSIONARY

Peking, May 9.—Outlaws have captured a British missionary named Stevens near Seighesein, in the province of Shensi, it is said in advices to the British legation.

Dispatches indicate the object of his capture is to bring pressure on provincial authorities to abandon repressive measures.

### WILL PLACE CANNON ON GENERAL MORGAN'S GRAVE

Winchester, Va., May 8.—The grave of Major-General Daniel Morgan, of Revolutionary fame, who is buried in Mount Hebron Cemetery here, is to be marked with a Civil War cannon, a 10-inch Rodman gun, which is being shipped from a government arsenal in New Jersey, it was announced today. Eighty cannon balls accompanying it will be stacked near-by.

General Morgan's grave has been neglected for many years, being covered only by a broken slab of brown stone, which has been defaced by tourists and others hunting souvenirs. The local chapter of the Daughters of the American Revolution, however, has started a fund with which to provide a monument to the man who marched with an army to the defense of American soldiers in the storming of Quebec, and who also was the hero of Cowpens. Morgan has been referred to by some historians as the "Stonewall Jackson of the American Revolution."

## GERMAN TROOPS AID ITALIANS IN FIGHT

### Warsaw Government Sends New Note to Allies on Polish Situation

### IS AGAINST POLES

**Uprisings Cause Indemnity Situation to Lag—Disturbances Bring About Cleavage Between France & Britain.**

Warsaw, May 9.—In the face of increasing clashes between the insurgents and Germans, Polish government has decided upon a vigorous plan of action in an attempt to settle the insurrection initiated by Adelbert Korfanty, the former plebiscite commissioner in Upper Silesia, with the object of joining the industrial section of Upper Silesia to Poland.

Warsaw, May 9.—The Polish government is preparing another note to the allies, reiterating its disapproval of the action of the insurgents in Silesia. It also urges that the Silesian problem be solved at an early date, according to the treaty of Versailles and the plebiscite.

London, May 9.—Two thousand Germans, led by German officers in mufti, drove 5,000 Poles out of Krouzburg today, according to a dispatch to the Daily Express from Oppeln. The Polish forces were endeavoring to surround the town.

Berlin, May 9.—German and Italian troops, fighting side by side, engaged in a nightlong battle against Polish insurgents at Kandrzin, in Upper Silesia, and succeeded today in driving them out of the city. The Poles are reported to have lost seventy men in the engagement, which is by far the most serious that has taken place since the beginning of the struggle.

Telephone dispatches Sunday from Oppeln verify reports of the battle, and declare that thus far Oppeln and Kattowitz are still in German and allied hands, although an official agency had previously reported them captured by the Poles.

The insurgents have, however, taken Leschnitz and are threatening Kosel.

The German government has instructed its commissioner at Oppeln to insist upon a claification of the intentions of the entente mission in Silesia.

Reports from Warsaw to the Berlin Foreign Office declare that agitation against Germany is exceedingly strong, and that the population generally is in an inflamed state.

"We will never give up an inch of Upper Silesia," Korfantry, leader of the "invaders," declared Sunday in an interview. "The Poles are now shedding their blood to reconquer a territory which for centuries has been held under German domination."

One company of German safety police has left for Breslau, hoping to be enlisted in the defense forces of Silesia as auxiliaries. German leaders have advised Berlin that they need 4,000 rifles, and this report will be forwarded to Paris for the necessary permission.

**The False Face Drops.**

So it seems that after all the United States is to take its rightful place in the councils of the nations of the world. Our French Ambassador is to resume his seat in the Council of the Embassadors; Mr. Boyden, our reparations representative, is again to take his place on the Reparations Commission; and irony of ironies! Col. George Harvey is to assume the vacant seat of Woodrow Wilson on the Supreme Council.

The mask has dropped. The "super-government" with which the Republican Party frightened millions of people into voting for Mr Harding was a super-government for campaign purposes only. It was a hideous monstrosity cut out of the card-board of hate and painted up with all the violent colors of partisanship. It was worn by the Republican candidate for the Presidency during the campaign to please Hiram Johnson William Borah and William Randolph Hearst. It was never intended to last four years and now it has been dropped after two months in office. It is a good riddance and the country and Mr Harding and Mr. Hughes and the whole Republican party is to be congratulated upon shedding it.

Whatever may be handed out for home consumption and for the appeasal of the wrath of the irreconciliables the fact cannot be camouflaged that at least two of the international bodies upon which we are now to resume membership are directly associated with the League of Nations and that the third, the Supreme Council, is an outgrowth of the Council of Four of the Versailles Peace Conference. No wonder the treaty-wreckers are chagrined and indignant at the coup d'etat Mr. Hughes and Mr. Hoover have been able to put over on them, no wonder loud groans of dismay and disappointment can be heard from the sacred precincts of the United States Senate. It looks tremendously like we are headed to enter the League of Nations by the back-door under Mr. Harding instead of by the front door under Mr. Wilson. And we will get there just the same.

**A Leaderless Congress.**

The Sixty-seventh Congress of the United States has been in session a month. It has done nothing but demonstrate its power to do nothing. It has plainly shown itself devoid of any intelligent program to meet the country's reconstruction needs and any strong leadership to put it through. It drifts along from day to day like a boat without a pilot, now in one direction and now in another, inconstant of purpose, uncertain of course and entirely at the mercy of the winds of chance.

There was to be an "emergency" tariff, but any "emergency" that ever existed will be long over before the stimulant arrives. There was to be a sales tax but a wave of protest frightened that off the program. Then there was to be immediate peace "just as soon as Congress can pass a resolution and I can sign it," said Mr. Harding. The Senate passed the resolution and now it is reported that it is being held up in the House at the instance of the President. There were to be some steps taken towards an international conference on disarmament but that idea has been abandoned.

Members of Congress of both political parties complained bitterly of the iron methods of Mr. Wilson's leadership and accused him of being dictatorial and autocratic. Perhaps he was, but if Congress does not get busy and do something, it will completely justify him in having been necessarily so. Even if Mr. Wilson was an autocrat, as his enemies claimed, it does not necessarily follow that now that Congress is free of him it should degenerate into a mob.

## MONSTERS OF SEA PROTECT TREASURE

New York, May 9.—After battling with schools of sharks, adverse winds, storms, tides and undertows, the Saliger Salvaging Expedition which had hoped to raise the treasure ship Isis, off St. Augustine, Fla., has returned to New York with out the Isis.

The expedition found the sunken vessel embedded in clay, The Isis was finally brought out of her resting place, but the pontoons were so damaged that operations had to be suspended until the weather quiets down. Later the crew will return and make a new attempt, dragging the wreck into smoother water before she is lifted to the top.

Throughout the operation the salvagers fought savage battles with vicious sharks, many of which were killed.

## $730,000,000 Government Securities Held by Savers

Savers throughout the country hold more than $730,000,000 worth of Government Savings Securities, according to a recent statement issued by the Treasury Department.

The total amount invested in Thrift and War Savings Stamps and Treasury Savings Certificates has passed the billion-dollar mark, of which sum $449,070,460.66 has been retired.

Four series of Government Savings Securities have been issued, the first being in 1918. Nearly one-half of the 1918 Savings Securities have been retired. About one-fourth of the total amounts invested in 1919 and 1920 have been redeemed.

But this year the redemptions amount to only about $132,000 out of more than $5,000,000, indicating that the purchasers of Thrift and War Savings Stamps and Treasury Saving Certificates are buying and holding them as regular investments.

Be Sure to Keep Blood Pure In Summer
Nature intended all creatures to withstand the normal changes of the seasons. You never saw a wild animal collapse from heat did you? People wouldn't get "knocked out" either, if they had the vitality animals get from their blood.
Rich, wholesome blood gives bodily vigor, and if hot weather lays you low, start now to fortify your vitality with a good tonic that will drive the impurities out and leave your blood stream nourishing and robust.
S.S.S., the well known herb alterative, is fine for this; get it from your druggist today. Then write us about your condition, addressing Chief Medical Advisor, 843 Swift Laboratory, Atlanta, Ga. We will send you free medical advice suited to your individual case.

SUFFERING OF A LIFETIME ENDED
Words Can't Express Gratitude I feel Toward Tanlac, Says Mrs. Burrington. Aged 68, She Gains 11 Pounds.
"From childhood until I got Tanlac I suffered from indigestion and stomach trouble," said Mrs. J. A. Burrington, 540 Stanford Ave., Los Angeles

MRS. J. A. BURRINGTON
Los Angeles, Calif.

Calif., "and that's been a long time, for I'm now in my sixty-eighth year.
"I remember when I was a child I was kept on a strict diet of lime water and milk for weeks and I have been in constant distress all these years. I suffered terribly from bloating and had to be very careful of what I ate. I became so weak and nervous I could hardly go about my housework and was in a miserable condition.
"About two years ago my husband got such splendid results from Tanlac he insisted on my taking it and the medicine wasn't but a little while in ridding me of my troubles. It gave me a splendid appetite and I could enjoy a good hearty meal, even things I hadn't dared touch before, without any fear of it troubling me.
"Then I had the influenza and became dreadfully sick and weak, but my stomach kept in good order and it only took four bottles of Tanlac to build me up again to where I'm now feeling better than at any time I can remember. I have gained eleven pounds in weight, too, and words can't express the gratitude I feel toward Tanlac. I keep Tanlac in the house all the time now, for I know it is a medicine that can be depended upon."

**Illuminated Traffic Cop, All Lit Up Like a Church," New York's Latest**

New York, May 9.—"All lit up like a church," describes New York's latest things in illuminated traffic cop. They paraded today, wearing white rubber nightshirts with red, yellow and green bulbs eye electric lights on their chests.

These human signal towers will stand on busy corners at night, playing the push buttons of their signal boxes like the notes of an accordion. Cathedral windows and revolving lighthouses simply aren't in it.

The illuimnated cop is the contrivance of Dr. John A. Harris, who invented and installed, at his own expense, the traffic towers on Fifth Avenue.

**High Cost of Graduation Garments is Cruel Blow to Students Taking Degrees in June**

Charlottesville, Va., May 9.—The H. C. of L. is bothering the Ph., D's, the LL D's and academicians of lesser degree who are now selecting multi-colored hoods, caps and gowns for spring commencements in 500 colleges and universities throughout the country.

A perpendicular rise of 100 per cent in the price of Japanese silk and fine grades of cloth used in the manufacture of these insignia of advanced education is responsible.

Serious minded Ph. D's with seven or more years of college training—and very little capital—to their credit, must now lay out from $60 to $140 before realizing on their degree. Four years ago, a doctor's hood, gown and cap could be purchased for half that sum.

Commencement day costumes for masters now cost from $45 to $120 and for bachelors from $32 to $106. There has been a corresponding increase in prices.

**WORK IN DIAMOND MINES IN AFRICA AT A STANDSTILL**

Jagersfontein, South Africa, May 9.—There has been further retrenchment in the diamond mines here and underground work has ceased. It is estimated that the employes will shortly number only 60 Europeans and 800 boys, compared with 900 and 8,000, respectively, before the war. The men who are leaving will receive two months' pay. Many families have already left the town and business is at a standstill.

MOSBY'S RANGERS MEET ON SCENE OF BIG BATTLE

Manassas, Va., May 9.—Mosby's Rangers, the Forty-third Battalion of Virginia Cavalry, gathered Saturday in annual reunion on the field where more than half a century ago, they participated in one of the great battles of the War Between the States and won first fame.

Representative W. D. Upshaw, of Georgia, delivered the principal address, speaking on "Southern Loyalty, a National Inspiration."

A Confederate flag, a gift of the Bee Chapter, United Daughters of the Confederacy, San Antonio, Tex., was hoisted on the spot where General Barnard E. Bee fell in battle.

Representative Upshaw paid a glowing tribute to the South and the part it played in the world war and declared that no longer could any one question the loyalty of the South to the Stars and Stripes.

Nemo Circlet

—It is easy to give your form a slimmer, more girlish figure if you have a "Circlet" brassiere, which equalizes the bust and shoulder flesh, thus banishing bumps and bulges and bringing out the graceful girlish lines.

It is self-adjusting—it simply slips over the head and fasters at the waist. There are no hooks, eyes, nor buttons. That is why it is different from the ordinary brassiere.

## "DREADNAUGHTS TAKE THREE MORE"

Fort Myer's Artillery Boys, the Independent A. C., of Washington and the Keystone A. C., of Atlantic City, New Jersey, are the latest victims of the Dreadnaughts, and the triple tragedy happened during the last week end. The soldiers on Saturday played good ball for an inning, but when the "D's" settled and gathered a little pep after their two weeks' rest, they finished the game with the same old story. The Keystones from the famous Jersey resort, braved it to Virginny for their first defeat in forty-three games and to quote Sam Higbie, the Keystone manager, "well Dixie is the home of ball" tells the story. The old timers on the visiting teams played good ball, but the bases were a merry-go-round for the "D's" as the Keystones weren't in their best form or they were badly outclassed. Sharp in center, made the sensational play of the game when he reached over in the orchard with one hand and grabbed the old apple "Sir Ikey" sent whizzing for a possible home run.

The Independents had enough gas, but in the fourth chapter their spark went bad, and in the final racks they were just barely making on all four rims.

Ham Alexander, the iron man, played in all three games, occupying the mound in a highly creditable manner in two, while with the stick, oh my!

Williams, in short, is just four aces. He is clever in his position, a good batter and a gink that's in the game all the way.

Degman, Dreifus and Devers manned the bases in big league style, mastered almost impossiole drives, and sent their averages with the hickory above the clouds.

"Ty" Ludlow is a "Skipper" with the old wagon tongue. He gave the fielders in the three parties good sprinting practice, and they all agree. "He is a dog-goned dangerous guy."

Frazier, Giles and Dawson, veterans of the old game, found way to the limelight, doing nifty fielding, and helped sack the tallies that won the games.

To use Charlottesville slang, Snead is a "cat bird," got as many curves as a country road and more drops than a thunderstorm. Is a pitcher with excellent judgment, and can do well at the bat. On account of a sore arm, Ike relieved Snead with one out in the seventh and finished the Independent game putting six to sleep at the plate.

Heitmuller, a receiver of amateur fame, performed perfect in his pivotal position and is an asset to any team he serves. He has the reputation as a pees in baseball and is one of the cleanest ball players in this vicinity.

Coaches Brenner and Hayden are pleased with the material they have for the baseball team, and predict that the Dreadnaughts will represent Alexandria sportdom with the most formidable team in the South.

The quality of baseball the locals have played in their last three games is the highest that can be expected of amateur performers, but baseball critics who saw the games and know the sport, see in the "D's" the possibility of a team that can safely compete with any opponent for the championship of the Middle Atlantic States.

---

Having read in Friday nights' Gazette of the supposed to be world beating team, the Triangle Sport Club, I take the greatest pleasure in issuing a challenge, through the Alexandria Gazette. We admit while they have some good players, they have none to compare with our superb battery, Raison, Noland and Bartlett pitching, with Roland receiving. On first we have Lyons, second Duffey, at short Gorman and Hicks at third.

The outer guarding is well taken care of with Treakle, Schoeni, Wood Myers and Hall. Any one of these is enough to play the infield well.

Saturday the Virginia's met the far famed Mercury A. C., of Washington. But Bartlett pitched a no hit, no run game. While the Virginias connected with McDonald for three safties, hit due to Lyons ability to cover ground, one of these brought over the winning run, score 1 to 0. Batteries Bartlett and Schoeni, McDonald and Sewell.

The Triangle's had printed their wonderful record. Well, I will clear up a few of these. The Virginians defeated them at football by a score of 18 to 6, they then being known as Dreadnaughts, Jr. After this defeat they changed their name to Destroyers, Jr., but the Virginias defeated them again for another championship, this in baseketball. Again with their name changed they are now known as the Trinagle sport club.

This is the record of the Virginia A. C. Midgets.

"Come on Triangles!"

What do you say? Give us a chance to change your name.

Nelson Duffey and Sterling Hall, V. A. C. M.

P. S. All Virginia's are requested to meet at 203 South Fairfax street, Friday, May 13, at 7 p. m.

---

The Triangle's defeated the Commerce Street All Stars by the score of 11 to 8, on the high school grounds yesterday. Batteries: H. Wattou caught, behind R. Blunt, and N. Lawler behind Smith; first base, M. Duty; second base, K. Smith; third base V. Edwards; short stop, E. Kelly, right field, W. Langhorne; center field, E. Chauncey; left field, N. Ford; and also some good subs in the game.

The Triangles will play the Gondall Green A. C. next Sunday on the Monument grounds at 1:30 p. m.

# The Sanitation Chain—

NO CHAIN is stronger than its weakest link—and no matter how sanitary is *one* department of an organization the product of that concern cannot be what the public expects of it unless *all departments, every link* in the sanitary chain, are up to the standard of the *best* link.

"The Velvet Kind" sanitary chain starts at the receiving rooms for the raw products—and ends when your order of cream is delivered to *you.*

The links in "The Velvet Kind" sanitary chain begin at the point where the raw materials are received by us. These materials are deposited in large glass-lined sanitary tanks from which they then proceed through the various channels of production, each operation wholly protected by scientific sanitation. Upon arriving at the immaculately clean freezer room, they are frozen and deposited in three- and five-gallon cans thoroughly sterilized, to await your orders.

The extreme degree to which we go in order to positively assure absolute sanitation in manufacture, linked up with *our personally* created formula and method of production (Patents applied for to protect our process), assures you the most delicious pure Ice Cream ever made.

*We do NOT use gelatin, gums, starch, fillers, imitation flavors or foreign substitutes for cream—*

***But*** *We DO use pure cream, pure milk, pure cane sugar and genuine flavors in "The Velvet Kind" of our creation.*

It excels in quality and charm even that good old-fashioned kind your Mother made.
